## SCIENCE MATTERS IN AMERICA SUPER SCIENCE CAMPS

We bring STEM alive with hands on, inquiry based science. We hope to start kids on a wondrous journey that lasts a lifetime. Our classes are fun and full of learning opportunities. The students get involved in real science projects and build 21st Century skills. All camps are taught by Science Matters Staff.

### AMUSEMENT PARK SCIENCE

Ever want to design your own amusement park? In the morning, master circuits and motors as you create the rides of your dreams. Harness the forces of gravity to construct a roller coaster. Create your own Tower of Doom. In the afternoon, create your own Midway games. Experiment and see how things can flash, fizz, stick and glow while building your own fun physics carnival and mini rides and games. Investigate solar sunglass science and make your own refreshments. The fun never ends when you take this carnival home and challenge your friends. **Please provide a brown bag lunch.**

### JUNKYARD ROBOTS

In the morning we will use the power of science to build a Bristle Bot that's up to our Battle Arena and Race Course. Meet the electro-powered Robo Bug. Explore alternative energy and save the Earth with our Green Energy Station. After lunch create your own Ride! Explore Newton's Laws and wire up your Wacky Wild Wheels. Get zapped with our shockingly fun Nerve Tester. We will build NASA's original robot hand. Just for fun, campers will enter the Potions Academy and mix up some gooey science with erupting foam monsters, crystal rainbows and more. AND at the end of camp your projects including the robots go home with you to continue the experimentation and fun. **Please provide a brown bag lunch.**
